

# Small Group Plan– Lesson 11

---

**NOTE:** For some groups this class will be the final meeting of the semester. For others, those with larger numbers of women or with both morning and evening classes, this meeting will be the next-to-last meeting. An additional meeting is held for a Celebration Brunch or Dinner for the purpose of bringing all participants together and allowing those who desire to do so to share their Mission Vision Boards and answers to sharing questions in Lesson 11 with the entire group of participants. (See the introduction to the Leader's Guide, page 6 and 7, sections marked \* and \*\*.)

**OBJECTIVE:**

1. To reflect on the course and celebrate every win
2. To allow participants to share their Missional Vision Boards and have an opportunity to praise God for what He has shown them through *Woman on a Mission*, as directed in the sharing questions.

**SUPPLIES:**

*Woman on a Mission* study guide  
Missional Vision Boards

**SUMMARY:**

Sharing Missional Vision Boards and Sharing Questions

1. Since there is no lecture or guest speaker today, the entire class time is spent in small groups to allow every woman to share her Missional Vision Boards and answers to the sharing questions.
2. The extra-long small group time is also an ideal time for participants to encourage each other to complete whatever exercises they have not completed and to then take courageous action toward their mission. Encourage the women, if they are still uncertain as to their direction and next steps, to be willing to explore possibilities and go on "field trips" to investigate appropriate opportunities in their church, community, and around the world.
3. Close in prayer and challenge each woman to continue to pursue God's direction regarding her mission. Remind them that God desires each woman to experience abundant life as she seeks to glorify Him by accomplishing the work that He has given her to do (John 17:4).
